Third-year student in the BUT Informatique (Computer Science bachelor's) programme – DACS track. Motivated and versatile, I want to apply my technical skills in a company and adapt easily to new tools, teams and projects.

EDUCATION

2024 – Present

IUT Metz – 3rd year, BUT Informatique (Networks)

DACS track: Deployment of Communicating and Secure Applications
METZ - Saulcy

2022 – 2024

Lycée Louis de Cormontaigne – Metz

French Baccalauréat – Science and Technology of Industry and Sustainable Development (STI2D), with Honours (Mention Bien)

SKILLS

- Network administration (router / switch configuration)
- System administration (Active Directory – AD DS)
- Web development (TypeScript, SQL, C, Python, PHP)
- Virtualisation (VMware, VirtualBox)
- Management and communication

- Languages: French (native), English (B2)

SOFT SKILLS

- Autonomy
- Rigour
- Teamwork
- Adaptability
- Technical curiosity
- Organisational skills

PROJECTS

- **MOBILE APP GUIDING USERS TO AVAILABLE PARKING SPACES**

  > Development of a client/server application that guides users to a free parking space in real time, based on open data and a secure network architecture.

- **WEB APPLICATION DEVELOPMENT**

  > Design and development of an interactive website in TypeScript with a user interface. Work on software architecture, object-oriented programming, UI design and functional testing.

PROFESSIONAL EXPERIENCE

Intern, Systems and Network Administration – AESTRIA (Metz)

April 2026 - June 2026

- Centralised multi-client monitoring: Proxmox VE, Zabbix, Grafana
- Zabbix proxies on Arduino UNO Q devices, linked to the server via OpenVPN tunnels
- Routing / firewall rules, hardening (Fail2ban), Bash and PowerShell scripts

Order Picker – Amazon Augny

June 2025 - September 2025

- Order preparation
- Stock management according to productivity targets

Reception and Administration Agent – Garage Lorraine Diesel (Woippy)

June 2024 - August 2024

- Customer reception
- Schedule and call management
- IT administration (quotes, invoices)
